

Qwickly “Jot” Assignments

Qwickly “Jot” is an interactive assignment tool that lets you upload an image (chart, diagram, map, etc.) that can be marked up by your students and submitted for evaluation. Here is an example:

1. Enter a Bb course and go to a content area, such as the Assignments folder.
2. Expand the drop down menu under assignments.
3. Choose “Qwickly Jot Assignment.”

A screenshot of the 'Qwickly Jot Assignment' creation form. At the top, it says 'Qwickly Jot Assignment' and provides a brief description. Below this is a section for 'ASSIGNMENT INFORMATION'. The 'Name' field is labeled with a red star and contains 'US Map', circled with a '4'. The 'Instructions' field contains the text 'Please label each state on the map with the correct name.', circled with a '5'. Below the instructions is a section for 'ASSIGNMENT FILE', circled with a '6'. It shows icons for 'Computer', 'OneDrive', 'Dropbox', 'box', and 'JOT'. The 'Computer' icon is highlighted with a red box. Below these icons is a 'Choose File' button, circled with a '7', which has 'US-Map.png' and 'Cancel' next to it.

4. Give the assignment a name.

5. Provide instructions for the students.

6. Locate the file you wish to use from a location on your computer or one of the cloud storage platforms listed.

7. Select and attach the file.

(In this example, a map of the United States was uploaded, and students were instructed to label each state correctly.)

INSTRUCTIONS

Please label each state on the map with the correct name.

SUBMISSION

ADD COMMENTS

Click Submit to proceed. Click cancel to go back.

This is what students will see when they click on the assignment. The drawing tools on the side bar include writing tools, text tools, eraser, shapes, etc. There are also options to change colors and sizes within the tools.

There is a comment box below the image where the student can include more information.

Clicking on "Submit" when the student is finished delivers the assignment to Blackboard.
